

Polywater®

PedFloor™ Plus

PEDESTAL BARRIER

Safeguard enclosures and equipment to prevent costly unplanned outages or service disruptions

FEATURES AND BENEFITS

- **PREVENTS**
Keeps mice, rats, snakes, insects, and water from entering the bottom of pedestals or cabinets
- **PROTECTS**
Protects equipment from moisture damage by allowing water to drain
- **EASY TO USE**
The fast-reacting mixture can be applied on top of any surface
- **THOROUGH SEAL**
Expands and seals around complex shapes and creates a fire-resistant barrier
- **RE-ENTERABLE**
Allows for the installation of new ducts or cables after being installed

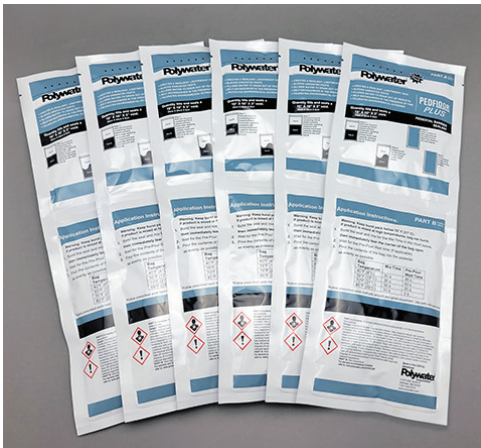

Safeguard Pedestals and Enclosures from Damage

Polywater® PedFloor™ creates a hard foam ground barrier that improves service reliability by keeping out burrowing pests from enclosures. Polywater PedFloor Plus open-cell foam thoroughly adheres to various pedestal and conduit materials. It makes a durable seal, yet allows un-wanted water to drain—which protects equipment from corrosion.
