

# BUCKET HOOK

The Polymeric Bucket Hook is a machined, high-performance alternative to traditional molded hooks.

The interior hook accommodates tool bags, while the exterior hook fits blanket holes without damaging them. The Bucket Hook is also available with a wide slot for lined buckets and has a 5-year warranty.

\*\*USBH-001 models have a Working Load Limit (WLL) of 35 lb. USBH-002 models have a Working Load Limit of 45 lb. for the outside hook and a Working Load Limit of 55 lb. (combined) for the two inside hooks.\*\*
